Rotary Club Pekela

Rotary Pekela is a club with 17 members, both male and female. The age ranges between 30 and 70 years. We gather every Monday evening at the Weddermeerhoeve, a restaurant that is situated near a lake in the middle of a woodland area. The atmosphere during the gatherings is friendly, casual and vibrant. Our members come from Pekela and a wider area. We feel closely connected to our area, and intend to make an impact by doing hands-on activities.

We appreciate fellowship as one of the core principles of Rotary. Therefore, we are looking forward to meeting you, Rotary members from Sweden. We would like to open our doors for you, so that we can forge new friendships.
