

IT Information för Distrikt 2365 - tisdag 13 februari 2024

Publicerad av Lena Alervall den 13 Feb 2024

Till samtliga Polaris-klubbar i blivande D2365

För att sammanfatta, tydliggöra samt ta del av era frågor kring val av IT system för din klubb kommer våra AG i D2360 besöka alt mötas via Teams under **veckorna 7-9 2024**.

Jan-Peter Idström, Glenn Håkansson samt Thorleif Josefsson kommer kontakta Presidenter samt IT-ansvariga i våra Polarisklubbar för att boka ett mötestillfälle.

Efter samtal med Jan Trnka igår (2024-02-12) gav han mig skriftligen/mail svar på frågor kring klubbavtal för Polaris klubbar.

Se svar inklipp i detta mail;

Dear Lena

I had a talk with Christoph Leuenberger, the president of ARM and we decided not to bother you with the club contracts. The district D-2365 decided not to use Polaris and D-2365 will not be involved in the invoicing, so it will do nothing to the clubs regarding Polaris.

It does not make sense that you will contact the clubs and start presenting them contracts with us. This would completely confuse them and would create triangle situation where the clubs do not know who is responsible for what. This is what all of us want to avoid for sure.

We have clearly stated our position in the e-mail to Stig and you from 30 January 2024 12:55 *As the district has decided that there will be only club agreements with Polaris, we will inform the clubs directly, to avoid any misunderstanding. It is easier for both contracting parties, without having a postman in the middle.*

We will contact the clubs ourselves and send them our quotation very soon. They will have enough time to decide. The rough sketch of the future for clubs using Polaris has been given by Stig in his presentation. We gave him the figures two weeks ago. The clubs know that, there is no need to hurry up.

If you will receive any questions or complain, pass it to team-polaris@rotary.ch We are ready to answer all requests.

As promised to Stig and you, we will send you the final list of clubs which will use Polaris starting from 1. July 2024, once we have collected it and it is final.

Best Regards

Jan Trnka

Polaris Product Manager and IT-responsible

Association Rotary Media Switzerland/Liechtenstein

jan.trnka@rotary.ch

Har ni några frågor går det bra att vända sig till team-polaris@rotary.ch

Utbildning för IT-samordnare kommer att ske på PETS 9 mars 2024 - [se inbjudan PETS](#)
